

# Christian Walz, Wonderchild (Radio Version)

Let me love you, let me be around  
I promise you, I won't make a sound  
Cause the winners blowing hard you see  
We take a ride just you and me

Let's go down to the south of France  
But we can love a thing there is a chance  
Go down for the holiday  
To live those happy thoughts again...

## CHORUS

I'm gonna ride of the speed of sounds  
(Ooh, ooh wonderchild)  
I'm gonna bring it to the underground  
(How many times will it bide?)  
I'm gonna walk out the rainbows end  
(Ooh, ooh wonderchild)  
(Oooh wonderchild) Everything comes to an end

A gift to you of the speed of sound  
Really fast when you're on the run  
Cause the words closing in on us  
A second later we're on the bus

You're so fine and I love her so  
So beautiful but I have to know  
Is this real or is it just a game?  
Take a ride; we'll come back the same

## CHORUS

And if I could be with you  
I keep on wonder why  
If this whole escapade,  
Is it worth all this time?  
And if I could be with you  
I keep on wonder why  
If this whole escapade,  
Is it worth- ooh (ooh, ooh)

## CHORUS

If I could be with you - I keep on wonder why,  
If this whole escapade, is it worth all this time?  
And if I could be with you - I keep on wonder why  
If this whole escapade  
(Ooh, ooh wonder child) Everything comes to an end!
