

Christina Aguilera, Every Me And Every You

this is no christina.. get your songs straight

(1) Shes taking her time making up the reasons

To justify all the hurt inside.

Guess she knows from the smiles and the look in their eyes

Everyones got o theory about the bitter one

Theyre saying

Mama never loved her much

And daddy never keeps in touch

Thats why she shies away from human affection

But somewhere in a private place

She packs her bags for outer space

And now shes waiting for the right kind of pilot

To come (and shell say to him)

Shes saying

Chorus: I would fly you to the moon and back

If youll be, if youll be my baby

Got a ticket for a world where we belong

So would you my baby

She cant remember a time when she felt needed

If love was red then she was colour-blind

All her friends theyve been tried for treason

And crimes that were never defined

Shes saying love is like a barren place

And reaching out for human faith is

Is like a journey I just dont have a map for

So baby gonna take a dive and push the shift to overdrive

Send a signal that shes hanging all her hopes on the stars

(What a pleasant dream) just saying

Chorus

(1)
