

# Christina Aguilera, I Thought By Lindsay

I thought we were OK  
Like two of a kind  
Until that light of love  
Soon began to blind  
Blind me into thinking  
It was real  
Our love for you and me  
With our lips sealed  
I know you loved me  
That is true  
But I need to know now  
Did I really love you?  
{Chorus}  
I thought we were meant to be  
Just you and me  
I thought our feelings were strong  
And they could never go wrong  
I thought I shouldn't walk away  
Right until this day  
And now I know  
That there's no where for me to go  
But I can't stay here with you like this  
Ooooooh oh yeah baby!  
It would be wrong  
For me to mislead you  
For much longer  
It's true  
When I'm not a latino  
And you are  
We're different cultures  
Plus you're normal and I'm a star  
So you did love  
It is true  
And now I think I know  
I didn't love you  
{Chorus}  
Now I know  
I'm moving on  
So please baby  
Oh please be strong  
We'd never  
Work it out alright  
Especially  
Not tonight  
I know you don't want this  
But I sure do  
So please baby  
Cause I don't love you  
You thought I'd never leave  
I wiped my hand on my sleeve  
You thought I'd never lie  
And now you wanna cry  
You realise the pain  
Just think about my gain  
You want whats best for me  
And I do to as you can see  
I know its hard for you to take  
It would've have been a big mistake  
To stay it would have ment me sad  
You'd sooner that I was glad  
So now I'm gone  
I love you  
I realise that now  
But would you still love me

If I came home  
What would you say  
I think you would hate me  
Til the day you die
