

# Christina Aguilera, Outta Town

Im still young, gettin older by the minute  
Reachin out the millions, believe it  
I work hard, I work fast  
Im gonna take it to the top and Im gonna laugh  
I know what Ive got so stop  
Knockin at my wagon, coz Im blowin up spots  
Been wherever I go, you know I get mad love  
Pre Chorus:

To the east to the west  
To the north and the south  
They know A.C. and they know I get down  
To the east to the west  
To the north and the south  
Keep my feet on the ground and they know that  
Chorus:

Ya dont see me braggin  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Coz ya dont see me braggin  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Im not the type of guy to show off for attention  
About the fancy cars and jewels  
But let me mention  
Girls cant get enough of me  
Record company lovin me  
Jealousy from all off the guys?  
Hmmm, probably  
But that wont get in my way  
It aint stoppin me  
Always reach for the top, thats how its gotta be  
Dont worry bout the people that, hmmm, take a pop of me  
So on with the show, hit the road here we go

Pre Chorus:  
To the east to the west  
To the north and the south  
They know A.C. and they know I get down  
To the east to the west  
To the north and the south  
Keep my feet on the ground and they know that  
Chorus:

Ya dont see me braggin  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Coz ya dont see me braggin  
But then you wanna come and take a knock at my wagon  
Giddy up, giddy up  
And hold up, take a look around  
Then roll out, roll outta town  
Now wait, people wanna know about the way I live  
And do my biz  
This bright young kid works hard just to make these hits  
But never the less, they try to attack me  
Just to male me react  
But Spectras got my back  
So come on coz were strong  
My labels got the ball rollin, they come correct  
From hip hop to pop, go look and check
