

# Christopher Cross, Every Turn of the World

We think about the loves we lost  
Will it come again?  
We think of all the things we want  
Will we ever win?  
We listen to the voice of children  
Will they find their way  
Keep an open heart  
The answer to it all's a wish away  
Never let the tears you're cryin' blind you  
To the dream that's waitin' to find you  
'Cause there's one more chance  
With every turn of the world  
Is it gold or glory a taste of freedom  
Or the strong warm touch of a body  
There are all these things  
With every turn of the world  
Human kindness diamond of the heart  
Tearing down the old walls  
As long as we can share  
Desire's not a sin, after all  
When you find yourself alone  
Missing tender magic touching you  
Keep an open heart  
Everything you dream can still be true  
Never let the tears you're cryin' blind you  
To the dream that's waitin' to find you  
'Cause there's one more chance  
With every turn of the world  
Is it gold or glory a taste of freedom  
Or the strong warm touch of a body  
There are all these things  
With every turn of the world  
Never let the tears you're cryin' blind you  
To the dream that's waitin' to find you  
'Cause there's one more chance  
With every turn of the world  
We all want a world we can live in  
We all want a world full of love  
It's never too late, it's never too soon  
Whatever you can do is enough  
Never let the tears you're cryin' blind you  
To the dream that's waitin' to find you  
'Cause there's one more chance  
With every turn of the world  
Is it gold or glory a taste of freedom  
Or the strong warm touch of a body  
There are all these things  
With every turn of the world  
Never let the tears you're cryin' blind you  
To the dream that's waitin' to find you  
'Cause there's one more chance  
With every turn of the world  
Is it gold or glory a taste of freedom  
Or the strong warm touch of a body  
There are all these things  
With every turn of the world
