

Christopher Williams, Please, Please, Please

Please, please
Please, please, baby
Just come and see me tonight
You need to be right by my side
I'm on my knees, knees
Knees, knee, baby
And we will make it alright
'Cause tonight is our night
If I light a candle, join a bath for two, if had to ding-a-ring, girl
When you gave me that, be cool
So why did you laugh do we sound like a fool
But I'm so serious, do my words get through? Oh yeah
Please, please, please, please, baby
Just come and see me tonight
You need to be right by my side
I'm on my knees, knees
Knees, knees, baby
And we will make it alright
'Cause tonight is our night
And if I couldn't make sweet love to you, woah, yeah
Until the sun begin to shine
Till the setting it rises
Again ten on time
And if I thought I feel the way that I do
I'm gonna turn the hands of time
Back to the days
When I laid down for you, yeah
This time let's make our love to last forever
A love to stay together, oh yeah
Don't hesitate, baby, don't procrastinate no more
I really need you, really want you, oh please, please
Please, please
Please, please, baby
Just come and see me tonight
You need to be right by my side
I'm on my knees, knees
Knees, knees, baby
And we will make it alright
'Cause tonight is our night
Please, please
Please, please, baby
Just come and see me tonight
You need to be right by my side
I'm on my knees, knees
Knees, knees, baby
And we will make it alright
'Cause tonight is our night
Please, please
Please, please, baby
Just come and see me tonight
You need to be right by my side
I'm on my knees, knees
Knees, knees, baby
And we will make it alright
