

Christy Carlson Romano, We went to the moon

Christy Carlson Romano
Miscellaneous

We went to the moon
We went to the moon in 1969
not 1968 but a year later
we went to the moon in 1969
thats when the astronauts first
walked inside a prator

we went to the moon in 1969
not 1970 but a year sooner
we went to the moon in 1969
thats when they made a landing
that was lunar

(we didn't go to the sun or stars)
(we didn't go to mercury or mars)

but we went to the moon in 1969
not 1968 but a the year after

and once they got there
the astronauts were fine
they smile at each other and there
was laughter, we went to the
moon in 1969 not 1970
a year before

the rocket that flew had
really need design when
it took off the engeen made
a rorr

we went to the moon in 1969
the trip wasn't all that easy
and when we got there we worn't suprise to find that is
was solid and it wasn't
cheesy

we went up to the end of all
the end
we went up to the mostly end

we went to the moon in 1969
not 1970 but the year sooner
we went to the moon in 1969
thats when thay made a landing
that was lunar
