

Chuck Berry, Misery

Sit down here by me, baby, let me hold your hand
Listen to me, baby, try and understand
I'm in misery, I'm in misery
I'm all upset and I'm shook up as I can be

Ya say you were out shakin', doin' the Go Go Go
Sometimes I really wonder if you know
I'm in misery, I'm in misery
I'm all upser and I'm shook up as I can be

You make me think you've got something up your sleeve
You shake me up a little, then you up and leave me in
Misery, I'm in misery
I'm all upser and I'm shook up as I can be

Now, let me tell you something that I learned in school
You reap just what you sow, so, baby, someday you'll be in
Misery, you'll be in misery
You'll be all upser and shook up over losing me
