

# Chuck Wicks, Good Time Comin' On

Im tryin to keep my eyes on this winding road  
Oh, but it ain't easy  
With you paintin your toes  
With your feet up on the dash  
Your legs so long and tan  
Youre my dixie girl with a summer smile  
Oh just enough sweet, but just enough wild  
Oh its just that kind of day  
Everythings goin our way  
Weve got the sunshine  
Coors in the back  
All day and all night  
Lets see where this might go  
We can drive real fast  
Girl, while we take it slow  
Weve got the warm breeze  
Blowing off the coast  
One hand on your knee  
Yea were getting close  
I feel a good time  
I feel a good time comin on  
Ive got a sleeping bag thrown in the back  
Oh, just in case it comes to that  
With any luck this might end  
At a camp fire down by the river bend  
Weve got the sunshine  
Coors in the back  
All day and all night  
Lets see where this might go  
We can drive real fast  
Girl, while we take it slow  
Weve got the warm breeze  
Blowing off the coast  
One hand on your knee  
Yea were getting close  
I feel a good time  
I feel a good time comin on  
Strong as anything could be  
How could this be wrong girl  
When we both agree  
Weve got the sunshine  
All day and all night  
Weve got the sunshine  
Coors in the back  
All day and all night  
Lets see where this might go  
We can drive real fast  
Girl, while we take it slow  
Weve got the warm breeze  
Blowing off the coast  
One hand on your knee  
Yea were getting close  
I feel a good time  
I feel a good time comin on  
I feel a good time  
I feel a good time  
Cool coming on  
I feel a good time  
I feel a good time
