

Ciara, Never Ever

Throw ya hands up in the air (If u know he love ya)
Tell the DJ play this song right Here (if u know he love ya)
Let Let Let Me see you 2 Step (if u know he love ya)
It don't matta if you by yo self (if u know he love ya)
If that boy don't love you by now
He will Never Ever, Never Ever Love you
He will Never Ever, Never Ever love you
Oh
If that boy don't love you by now
He will Never Ever, Never Ever Love you
He will Never Ever, Never Ever love you
I know you think that I just be
trippin on ya boy, you see
This ain't how I normally be
but I can't help this jealousy
ooo it's takin over me
ooo I'm fallin way too deep
Without you by my side I feel like I can't eat or sleep
But I
Gotta come down to earth, I dont wanna
But I
gotta let ya go but baby I dont wanna
And I
I gotta see, That you and me, Ain't meant to be
Thats why I tell myself
If that boy don't love you by now (if that boy don't love you by now, He will)
He will Never Ever, Never Ever Love you
He will Never Ever, Never Ever love you
Oh
If that boy don't love you by now (If he don't love you....Na Na Na)
He will Never Ever, Never Ever Love you (girl he will never love you)
He will Never Ever, Never Ever love you
He will...
I can't help but fantacize
Wonderin what it might be like
You and I sound so right
But I'm let it go tonight
Ain't nothing coverin my eyes
Ain't gotta see it more than twice
I get it, I got it Baby, Baby
But I
Gotta come down to earth, I don't wanna
But I
gotta let ya go but baby I don't wanna
And I
I gotta see, That you and me, Ain't meant to be
Thats why I tell myself
If that boy don't love you by now (Hoooo...If that boy don't Love you by now)
He will Never Ever, Never Ever Love you
He will Never Ever, Never Ever love you
