

Ciara, Oh Baby

(Ever since I held you baby it's like everything changed...)
I don't think I could love another
Quite I would love you
One thing I discovered
Is that every single day and night I think about you
Don't wanna be with no one else if I can help
I'd rather be by myself
Cause nobody in this world that makes me feel like you do!

Whenever you're around I can't come down
I swear you got me caught up
I get butterflies deep down inside
That's why I know it's our love
I feel if that if ho looking down
Was something I ain't never thought of
You're unbelievable!

Oh baby, you baby, my baby...
Baby, baby, baby, baby, baby...
Yeah baby, you baby, sweet baby...
Baby, baby, baby, baby, baby...

Doesn't matter through whatever
Know I'll always treat you right
Cause what we got together is a love that lasts for life, yeah
Yeah baby, you baby, sweet baby

Baby, baby, baby, baby, baby

You need to know that I'm done without ya
It's a case I'll die for ya
Cause I adore you
Let me just reassure you
No matter what I'll always love you
So if ever your heart should break
I'll be there to fix the ache
You will never feel no pain

As long as you're alive I'll smile baby
That is the truth

Whenever you're around I can't come down
I swear you got me caught up
I get butterflies deep down inside
That's why I know it's our love
I feel if that if ho looking down
Was something I ain't never thought of
You're unbelievable

Oh baby, you baby, my baby
Baby, baby, baby, baby, baby
Yeah baby, you baby, sweet baby
Baby, baby, baby, baby, baby
Doesn't matter through whatever, know I'll always treat you right
Cause what we got together is a love that lasts for life, yeah
Yeah baby, you baby, sweet baby
Baby, baby, baby, baby, baby

I would take on the world for you
For you, baby
Believe me there ain't a thing I wouldn't do
For you, baby
Anything and everything is your my baby
If I couldn't be with you I would go crazy

See this thing we got is nothin' but amazing
That's why I don't plan on ever letting you down

Oh baby, you baby, my baby
Baby, baby, baby, baby, baby
Yeah baby, you baby, sweet baby
Baby, baby, baby, baby, baby
Doesn't matter through whatever, know I'll always treat you right
Cause what we got together is a love that lasts for life, yeah
Yeah baby, you baby, sweet baby
Baby, baby, baby, baby, baby
