

Cigarettes After Sex , Heavenly

wanting your love to come into me
feeling it slow, over this dream
touch me with a kiss
touch me with a kiss

now you're above feeling it still
tell me it's love
tell me it's real
touch me with a kiss
feel me on your lips

because this is where I want to be
where it's so sweet and heavenly

I'm giving you all my
I'm giving you all my
I'm giving you all my
I'm giving you all my love
all my love

needing you now to come into me
feeling it slow, over this dream
touch me with a kiss
feel me on your lips

when
now you're above feeling it still
tell me it's love
tell me it's real
touch me with a kiss
feel me on your lips

I'm giving you all my
I'm giving you all my
I'm giving you all my
I'm giving you all my love
all my love

and when you're far away I still feel it all
and when you're far away I still feel it all the same
