

# Cinereal, Another Day

You don't know where you're going, you have nothing left to feel  
You're not alive but you're breathing, drifting around in circles  
And searching  
Looking back on the sorrow, feeling emptier inside  
You know you always surround me, but I am lying here without you  
I still hear you, I close my eyes and see you  
You are smiling through my tears  
I will stay here, I close my eyes and feel you  
In my heart you have a home  
It's another day, there's no goodbye  
I can feel you near  
It's another chance, don't say goodbye  
I know that you are here  
It's another day
