

# Circle II Circle, Burden of Truth

I walk alone  
Along a winding road  
Filled with thoughts  
Recovering from all left behind  
I passed a church  
And saw the children  
And the world  
Through their eyes  
The greatest gift  
We ever could receive

Hold the ways of the Son  
Am I the only one?  
Hold the weight of your soul  
In mine  
I hope that you are the one  
Sent to guide me on  
Can't you see  
Nothing can hold me down  
I can't turn away

With your past in disguise  
All the pain  
Still in your eyes  
I know that I must  
But I never can trust  
Keeping you in the dark  
Feel the strange desire  
From the passion  
In your eyes  
Awake and alone  
But I've just got to know  
I'm keeping you in the dark

I wonder if  
I would have come here  
Not knowing who I am  
By the force of the truth  
I will stand  
So I thank you once again  
For giving me the news  
And protecting me  
Through the hate  
That will proceed

Hold the ways of the Son  
Changes from now on  
Hold the weight of your soul  
In mine  
I hope that you understand  
Held within my hands  
Can't you see  
Nothing can hold me down  
I can't turn away

With your past in disguise  
All the pain  
Still in your eyes  
I know that I must  
But I never can trust  
Keeping you in the dark  
Like the wind rushing by  
Like a memory deep inside  
Awake and alone

But I've just got to know  
I'm keeping you in the dark

-Solos-

Rulers of the world  
Seeing changes  
But the choice  
Is not your own  
It won't return  
Voices with a creed  
A reflection  
Of a modern prophecy  
They will find you

Find a new horizon  
In the ways  
That we have found  
And we'll find  
A better life  
Like the times we had

Gotta find a reason  
Gotta make it seem alright  
Out of all the questions  
Something is coming  
To bring us closer  
To the light
