

# Citizen Cope, Comin' Back

He was down on his luck  
With his bag in the back of his black Cadillac Coupe DeVille  
He had a meeting at the crossroad  
But he didn't know that his soul was about to get killed  
You can leave me lonely,  
You can take my riches,  
You can take my life, but my soul's been saved.  
He felt the cut of a sword, but the pen's mightier  
Then he spread his wings and he flew away.  
If anything... is happening...I'm comin' back  
I'm comin' back  
Throw your ass mother f\*ckin' fast  
How will you be running in a day?  
Now you're gonna feel how,  
how it feels to be running when you can't get away  
You can leave me lonely,  
You can take my riches,  
You can take my life, but my soul's been saved.  
He felt the cut of a sword, but the pen's mightier  
Then he spread his wings and he flew away.  
If anything... is happening...I'm comin' back  
I'm comin' back  
If anything... is happening...I'm comin' back  
I'm comin' back  
I'm comin' back  
I'm comin' back (yeah)  
I'm comin' back  
I'm comin' back  
I'm comin' back (yeah)  
Well he was down on his luck  
Put his bag in the back of his black Cadillac Coupe DeVille  
He had a meeting at the crossroad  
But he didn't know that his soul was about to get killed  
You can leave me lonely,  
You can take my riches,  
You can take my life, but my soul's been saved.  
He felt the cut of the sword, but the pen's mightier  
Then he spread his wings and he flew away.  
If anything... is happening...I'm comin' back  
I'm comin' back  
If anything... is happening...I'm comin' back  
I'm comin' back  
I'm comin' back (yeah)  
I'm comin' back  
I'm comin' back (yeah)  
I'm comin' back  
I'm comin' back  
I'm comin' back (yeah)  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay  
I'm comin' back... I'm comin' back to stay
