## City And Colour, Like Knives

Your words are like knives They peel my skin and pierce my soul Your body will learn tonight Though your heart may still remain cold

And I blame myself And I blame myself If holding onto what I hope will keep you by my side I will blame myself

The sheets are stained with Memories of your soft kiss Now this is all I have Paper and pen to remember you with

And I blame myself And I blame myself Holding onto what I hope will keep you by my side I will blame myself

Could I have you? Can I have you? Could I have you? Can i have you?
