

# City High, Why?

city high igh igh  
booga basement  
here come another one uh

(toby)

I know things didn't work out for you and me lately  
but don't worry 'bout my child cause I'm-a take care of my baby  
I can't keep comin round breakin' you off  
cause it breaks my heart when we make love  
and ain't no love involved

(chorus)

why should we screw  
if we cant get along, what's the point of gettin' it on  
girl you know that it's wrong when  
all we do is sweep it under the rug  
what's the point when we touch if we're no longer in love

(claudette)

this makes no sense to do what we do  
cuz baby I been moved on and I know you got someone new  
so we promised each other we wouldn't make this a sexual thang  
cause it feels good while we bang  
when it's all over you know we'll be fightin' again

(chorus)

why, tell me why it seems to be  
the only time you work with me  
is when we're in between the sheets  
when I'm workin your body  
that's when we get along  
but when you put your clothes back on  
right back to the same old song  
we got it all wrong

play that thing robbie

(robbies piano solo)
