

CJ Stone, Shining star

Star of love will be my leader,
its nothing there to stop me now,
you are my light, like a vision,
you are the one that fills my soul,
you're my star, shining star,
you are shining down on me,
you're my star, my shining star, you're my star
you're my star, shining star,
you are shining down on me,
you're my star, my shining star, you're my star
you're my star, shining star,
you are shining down on me,
you're my star, my shining star, you're my star
