Star of love will be my leader,
its nothing there to stop me now,
you are my light, like a vision,
you are the one that fills my soul,
youre my star, shining star,
you are shining down on me,
youre my star, my shining star, youre my star
youre my star, shining star,
you are shining down on me,
youre my star, my shining star, youre my star
youre my star, shining star,
you are shining down on me,
youre my star, my shining star, youre my star
