

# Clannad, Scarlet Inside

Slowly, I look around.  
An angry sight for every sound.  
We stood with troubles all around.  
She's trampled on the ground.  
Feel the sadness inside.  
I'm scarlet inside.  
I realize, far too late  
As her life dissipates,  
No truth, no reasons why,  
Just the fear, and the hatred.  
Feel the sadness inside.  
I'm scarlet inside.  
This life is such a lie  
Now I don't even try  
Never (I can't think why)  
I never saw eye to eye.  
Feel the sadness inside.  
I'm scarlet inside.
