

Clap Your Hands Say Yeah, Love Song No. 7

Now that you're here and see
Everyone of us seem to take the wrong way home
Now that you're safe with me
Trying to get a handle on the neighbor's lawn

We're safe and sound
So safe for now

How does it taste to be swinging away for the night?
Doctor said son you should carry a gun (for to) be alright...
But it's the way that you talk and it's the way that you move around
Gravity's one thing and

Gravity's something, but

How's about coming down?
There's a time and place in which to be alone
(but lately it just don't seem so alluring)
You're no good not around
Your elevator skipping all me best-dressed floors

We're safe and sound
So safe for now

Weird but you're back talking
