

# Claw Boys Claw, Hide

If you're going south and all I do is shut my mouth  
If you're going south, be wise and talk it out  
All you have to do is walk away in a suit  
If you're going south, all I do is shut my mouth  
A foul brings me down, no way I get excited  
Ease is a bitch

Hide there, just take it like it is  
Hide there, ease is a bitch  
Hide there, just take it like it is  
Hide there

It will ride along, as long as you live my friend  
It will ride along until what we call the end got you by the tail  
Even when you run away, it will ride along as long as you live my friend  
A foul brings me down, no way I get excited  
Ease is a bitch

Hide there, just take it like it is  
Hide there, ease is a bitch  
Hide there, just take it like it is  
Hide there

Hide there, just take it like it is  
Hide there, ease is a bitch  
Hide there, just take it like it is  
Hide there, ease is a bitch
