

# Claw Boys Claw, I Am Sea

Ain't it peculiar to leave your love at sea  
The tide is low so you choose to blow  
yourself away from me  
Strange how time will heal  
the wounds and so much more  
The beauty of your naked soul  
is dying on the shore

And I am - and I am wasting waves  
cause I am sea  
And I am - and I am wasting waves  
cause I am sea

Dream your dream without me  
and I roll on - like the sea  
and I roll on - like the sea

Ain't it familiar to cry your eyes all red  
I am not here - I did not die  
I'll keep on coming back

Cause I am - cause I am wasting waves  
cause I am sea  
Cause I am - cause I am wasting waves  
cause I am sea
