

# Clawfinger, Do What I Say

When I grow up there will be a day  
When everybody has to do what I say

Don't do this don't do that  
Don't you ever talk back  
Don't speak with food in your mouth  
Just keep quiet while the grown ups are talking  
I'm not being mean I'm just being fair  
It's just because I really care  
You know that I love you  
But shut your mouth you just have to do what I say

I don't want you to lie  
You're much too old to cry  
You're just too young to know  
But when you're older you'll understand  
You are mine I own you  
Look at me I'm talking to you  
Don't use that tone to me  
So shut your mouth you just have to do what I say, do what i say

When I grow up there will be a day  
When everybody has to do what I say  
When I grow up there will be a day  
When everybody has to do it my way, my way

I've paid to raise you good  
Done everything I could so don't you dare to say  
That I never cared about you anyway  
I gave you food to eat  
I kept you on your feet  
I gave you all my good advice  
Not once did I hear you thank me for all that I've done

You don't know anything  
About my suffering  
I went through a lot of pain  
Just to get you where you are today  
If I ever hit you  
It's because I have to  
You have done something wrong  
And you deserve the punishment, you'll have to pay, do what i say

When I grow up there will be a day  
When everybody has to do what I say  
When I grow up there will be a day  
When everybody has to do it my way, my way, my way, my way

Don't you ask me why not  
Be glad with what you've got  
Don't tell me you're alone  
You should be glad that you have a home  
Just look me in the eyes  
You have to realize  
I make the rules that's it  
It's for your own good so you have to do what I say,  
do what I say, do what i say, do what i say

When I grow up there will be a day  
When everybody has to do what I say  
When I grow up there will be a day  
When everybody has to do it my way
