

Clawfinger, Final Stand

I see the truth in the eyes of the sky
And since I was a baby I've been destined to die,
This life it has no meaning,
I greet death like a friend,
I'm in a state of worship,
I've got a faith I must defend,
My ticket to the heavenly,
My salvation from Hell,
My gateway to eternity,
My escape from this insanity.

Chorus:

My death will be my final stand,
my death will be my sacrifice
my death will be my last command
And be my guide to paradise

My grave is open,
I've said my good-byes,
My path has been chosen,
My faith can't be denied,
A better life awaits me if I make my sacrifice,
My sins will be forgiven when I reach my paradise,
My ticket to the heavenly,
My salvation from Hell,
My gateway to eternity,
My escape from this insanity
