

# Clawfinger, Kick It

You take what you can, without asking first  
and then you drink what's left, to quench your own thirst  
You always fill your plate with more than you can eat  
and then you make sure, that you get the best seat

I'VE TOLD YOU A THOUSAND TIMES BUT YOU STILL WON'T LISTEN  
I'VE GIVEN YOU A THOUSAND CHANCES BUT YOU STILL WON'T LEARN  
AND I'VE SEEN A THOUSAND SIGNS THAT YOU'VE BEEN MISSIN'  
I'VE TOLD YOU A THOUSAND TIMES WAIT UNTIL YOUR TURN

You always help yourself, to what you can find  
but sharing what there is, it doesn't cross your mind  
you find a place in the sun and wait until you're served  
to make sure that you get, more than you deserve

[Chorus]

Stop breathing my air, you're all over my face  
Just give me some room, stop stealing my space  
Take one step back and then one step more  
until' you reach the door...

[Chorus]
