

Clay Walker, How To Make A Man Lonesome

(Randy Boudreaux/Kim Williams)

Three weeks in Phoenix one night to go
Youe lookin?too good and youe standing to close
That song on the jukebox
Your dance-with-me smile
Has got me thinkin?of someone
I haven seen in a while
You sure know how to make a man lonesome
I see so much of my woman in you
You sure know how to make a man lonesome
But she knows how to keep her man true
Yes, I know that it early
Why am I leaving so soon
Well, it too warm in here
And it me not the room
And the way that youe starin?
Ie seen that look before
Youe makin?me want her all that much more
You sure know how to make a man lonesome
I see so much of my woman in you
You sure know how to make a man lonesome
But she knows how to keep her man true
You sure know how to make a man lonesome
But she knows how to keep her man true
