

Clean Bandit, Extraordinary (feat. Sharna Bass)

You can see there's something in the way
I've tried to show you, my door is open
I don't know how much more I can take
Since you've chosen to leave me frozen

Am I the only one who sees what you've become?
Will you drift away?
We're running out of time, two wrongs can make it right
Could I make you stay?
People making choices they call vague
Sacrifice it all and baby, say

Something extraordinary, something real
To fill my days and nights with something that I can feel
I'm not gonna compromise, surely you can simplify
Say you feel the same

You've wandered down the path I can't explain
Have you seen her? The grass is greener
To let me pass you by would be a shame
If she's your only, then why are you lonely?

'Cause I'm the only one who knows the things you've done
I'm so good for you
We're running out of time, two wrongs can make it right
Could I make you do?

Something extraordinary, something real
To fill my days and nights with something that I can feel
I'm not gonna compromise, surely you can simplify
Say you feel the same

Just don't say it will be alright
You're not holding yourself in your arms tonight
Don't say it will all be fine
In only a moment you'll say goodbye

Something extraordinary, something real
To fill my days and nights with something that I can feel

Something extraordinary, something real
To fill my days and nights with something that I can feel

Just don't say it will be alright
You're not holding yourself in your arms tonight
Don't say it will all be fine
In only a moment you'll say goodbye
