

# Clear Vision, Fucker

I'm gonna kick your ass  
I'm gonna rip your face  
So please don't come too close  
You're gonna lose your grace

I'm gonna fuck your head  
I will destroy your mind  
So please don't waste my time  
Because there's nothing to hide

I couldn't know, that this exist  
Stupid bullshit didn't miss  
Complaining about everything  
You're a fucking asshole  
You don't really understand  
How to treat the other men  
You were right, and they were wrong  
And you can't trust anyone

Slow down and turn around  
They never let you down  
Before you start your game  
You fucking asshole  
So let me live my life  
Tell the truth, don't lie  
Someday you'll understand
