

Cleopatra, Don't Suffer In Silence

(Cleopatra, Tim Scrafton & Kenny Hayes)

Hey, oh

Let me hear you say it

(Cleopatra)

Come on

(Cleopatra, comin' atcha)

(Cleopatra, comin' atcha)

(Cleopatra, comin' atcha)

(Cleopatra, comin' atcha)

Get a pen and paper, write down our name

You will realise our aim is the same

(As the others)

We all have that dream to make it to the top

When we do we know we're never gonna stop

(Be together)

Ooh

(Last forever)

Hey

Our minds will stay the same

We won't be beaten down by fame

(Loving each other)

(One and another)

We all want the same success

So we're wishing for the best

(Hey we're here)

Oh

(Fresh new talent's here and we know)

Know

(We're never gonna go, Cleopatra)

Hey

(We know the way to move so we're gonna)

Gonna

(We're gonna blow the roof, gonna blow it)

Hey, oh

Let me hear you say it

(Cleopatra)

Come on, come on

We need education to get us to the ranks

We've no time to play those silly little pranks

(So we're saying)

Please don't try to change the person you are

Keep on dreaming that you'll be a superstar

(Be together)

(Last forever)

Hey

Our minds will stay the same

We won't be beaten down by fame

(Loving each other)

(One and another)

We all want the same success

So we're wishing for the best

(Hey we're here)

Oh

(Fresh new talent's here and we know)

Know

(We're never gonna go, Cleopatra)

Hey

(We know the way to move so we're gonna)

Gonna

(We're gonna blow the roof, gonna blow it)

Hey, oh
