

# Cleopatra, Someone Like You

Il tempo passa senza che  
lo passo mai insieme a te  
ma ti pensavo sempre  
nei sogni tu con me  
per me il mondo finira  
se non ci fossi tu;  
ovunque vai  
voglio che sai  
\*\*\*ive been spendin all my time  
and never giving it to you  
but you were always on my mind  
in all the dreams i hold on to  
i tried to tell you how i feel  
but the words just came out wrong  
wherever you go  
i want you to know\*\*\*  
If you need a friend or lover  
or a place that you can hide  
i will always be there  
even though my hands are tied  
i know deep down inside  
if you consider what we share  
maybe you'll see  
you're all that i need  
E'una vita che cercando a te  
e non importa che  
io sento per te  
soltanto una notte ancor'  
chiamami amor'  
tutta la vita l'ho passato  
cercando a te  
\*\*\*all of my life i've searched  
for someone like you  
no matter how hard i try  
no matter what i do  
if only just for one more night  
let me hold you tight  
all of my life ive been waiting  
for someone like you\*\*\*\*  
there's never been a better time  
there's never been a better place  
for you and i together here  
alone and face to face  
oh i'd do anything  
if you'd just let me in your life  
whatever it takes  
i won't make the same mistake again  
E'una vita che cercando a te... all of my life ive searched...  
Could it be the brightest star  
so close yet still far away  
don't you know ive fallen for you  
baby i'm calling for you  
right here, right now  
E'una vita che cercando a te... all of my life ive searched...
