Yesterday...

I waited for your friends to walk away
So I could say just what I mean
I know we're movin' fast
We're running from the past
I'm holdin' on before it fades away

Could it be that...

Maybe it's our first mistake
And baby that's alright
It's crazy how we lost ourselves tonight
There's a reason why they say that we should give it time
But time is not enough
And that's the reason why when you're young you fall in love

Standing still

I'm waiting 'round to see if this is real
Cause I feel like I'm asleep
I'll open up my eyes
Cause you might be the type of girl that makes me dream when I'm awake

Could it be that...

Maybe it's our first mistake
And baby that's alright
It's crazy how we lost ourselves tonight
There's a reason why they say that we should give it time

But time is not enough

And that's the reason why when you're young you fall in love

(Bridge)

So tell me can this really work
Or will we end up getting hurt
Is this love a myth
So tell me are you in for this
There's so much more than we can see
More than you
More than me
It takes two to believe!

Maybe it's our first mistake

And baby that's alright
It's crazy how we lost ourselves tonight
Maybe it's our first mistake
And baby that's alright
It's crazy how we lost ourselves tonight
There's a reason why they say that we should give it time
But time is not enough
And that's the reason why when you're young you fall in love

And that's the reason why

When you're young you fall in love (2x)
