

Cliff Richard, Move It

C'mon pretty baby let go move it and a-groove it,
Well shake oh baby, shake oh honey, please don't lose it.
The rhythm that gets into your heart and soul.
Well, let me tell you baby, it's called rock'n roll.
Well say you're gonna jive, oh honey please, let's face it
Well you just don't know what's a goin' to replace it.
Ballads and calypsos they've got nothin' on
The real country music that just drives along.
Oh honey, move it.....
(repeat whole song)
Hey move it, oh honey move it (fadeout)
