

Clifford T. Ward, Sunshine Girl

It's all warm weather in her eyes

There's not a single cloud in sight

It's also summer in her smile

Please let it last for just a while.

Let's go where

There's no cares

And heaven is so near

And I love the sunshine girl.

It's all warm weather by her side

The mountains and the sea collide

The palm trees grow, so open up

And pretty bird song wake you up.

The sea and the sand and free

And the days are long

And the nights are warm

And I love the sunshine girl.

INSTRUMENTAL

The sea and the sand and free

And the days are long

And the nights are warm

And I love the sunshine girl.

It's all so calm and picturesque

Where you can lay your head and rest

Beneath the starry summer sky

And let the world go sailing by.

Let's go where
There's no cares
And heaven is so near
And I love the sunshine
I need the sunshine
I love the sunshine girl.

Ah ha - sha la la la la
Ah ha - sha la la la la
Ah ha - sha la la la la
(Repeat and fade).
