Climax Blues Band, Gotta Have More Love

Don`t wanna worry you baby
Don`t wanna bring you down
But if my love is too hot to handle
Let me know now
I`ve got this yearning inside me
And it`s running deeper than the night
So don`t go foolin` with my hunger
If you can`t keep me satisfied
I`m warning ya

CHORUS:
Gotta have - More love - I just can`t get enough
Gotta have - More love - I just can`t get enough
Gotta have - More love - I just can`t get enough
Love

Before we go any further
I think you should know
I can`t get by on part of your love babe
I`ve got to have it all
My only rule is desire
And it moves me
Stronger than the wind
So don`t go foolin` with my fire
Cuz you won`t stop me once I begin
I`m warning you

(CHORUS)
