

Clinic, Internal Wrangler

You see a sign of youth
I know you understand, that we both go up the hill.
And with the sectioned one, for the capital's nuns,
You see the moonbeams on the hill
Sunny, sunny, sunny whether
Joely wasn't altogether true.
Still our cousin knew.
I, I, I, I no I, I, I,
Me me me me
More I want to.
Bren coughed Boo hoo hoo
And all the vegetables, that serve as obstacles
You see the moonbeams on the hill
And with the sectioned one, for the capital's nuns,
You see the moonbeams on the hill.
Sunny, sunny, sunny whether
Joely wasn't altogether true.
Still our cousin knew.
I, I, I, I no I, I, I,
Me me me me
More I want to.
Bren coughed Boo hoo hoo
