You see a sign of youth  
I know you understand, that we both go up the hill.  
And with the sectioned one, for the capital's nuns,  
You see the moonbeams on the hill  
Sunny, sunny, sunny whether  
Joely wasn't altogether true.  
Still our cousin knew.  
I, I, I, I no I, I, I,  
Me me me me  
More I want to.  
Bren coughed Boo hoo hoo  
And all the vegetables, that serve as obstacles  
You see the moonbeams on the hill  
And with the sectioned one, for the capital's nuns,  
You see the moonbeams on the hill.  
Sunny, sunny, sunny whether  
Joely wasn't altogether true.  
Still our cousin knew.  
I, I, I, I no I, I, I,  
Me me me me  
More I want to.
