

Clint Black, The Coolest Pair

If I could take a ride on Rudolph,
We'd trim the treetops
Knockin' a boot off
I'd get a rise out of Rudolph
Hoofin' it everywhere.

If I could make
A Frosty the Snowman,
He'd be the jolly
Get up and go-man
I'd make a 40 below-man
We'd be the coolest pair.

Chorus:
Hey, We'd stick together,
All kinds of weather
We're sure to have a ball
I can imagine all that can happen
If a little bit of snow would fall

If I could be the man
Down the chimney,
Bag full of magic
I've got it in me
I can get Santa to send me,
I've got the time to spare

--- Instrumental ---

Chorus:
Hey, We'd stick together,
All kinds of weather
We're sure to have a ball
I can imagine
All that can happen
If a little bit of snow would fall.

But the word is around
There's some other town
That let Christmas go to the Grinch
Well, maybe in Whoville
Not me and You-ville,
We'd never give 'em an inch.

If I could make
A Frosty the Snowman
He'd be the jolly
Still on a roll-man
I'm make a 40-below man,
We'd be the coolest pair
Hoofin' it everywhere,

Hey, I've got time to spare...
