

Clique Girlz, Beautiful Think

Am I losing my mind
You're everywhere and I don't know why
Something I can't deny
On and on like a song in my head
And I can't do a thing about it
When your heart can't stop
Like a runaway train
And it feels so good that you can't explain
It's a beautiful thing
When you just can't think about anything else
And you give so much that you lose yourself
It's a beautiful thing
Hey
I keep hearing your name
It's in the sun and it's in the rain
I just heard it again
Don't know how it got into my head
But I don't wanna be without it
When your heart can't stop
Like a runaway train
And it feels so good
That you can't explain
It's a beautiful thing
When you just can't think about anything else
And you give so much that you lose yourself
It's a beautiful thing
Hope this feeling never goes away
Hey hey
Beautiful, beautiful thing
Oh, oh, oh, oh, oh, oh, oh, oh
Hey hey
When you lose your way
And don't have a clue
And you happen to find somebody like you (somebody like you)
It's a beautiful thing (it's a beautiful thing)
When you're on the moon
And you can't get down
Just me and you
No-one else around
It's a beautiful thing (it's a beautiful thing)
When your heart can't stop
Like a runaway train
And it feels so good that you can't explain
It's a beautiful thing (it's a beautiful thing)
When you just can't think about anything else
And you give so much that you lose yourself
It's a beautiful thing
It's a beautiful thing
It's a beautiful thing
It's a beautiful thing
It's a beautiful thing
