

Cliteater, Misanthropigs

It's never enough
And never will be
All this useless gate, sickens me

F**kin' misanthropigs putting down every race
Never questioning themselves
Only other people way of life

Misanthropigs resent every race
Misanthropigs hate every colour
Misanthropigs want them all to die
It's time Misanthropigs
Ask themselves why?

It's no good, to hate them all
It's a battle, they can't win
It's no good, always being prejudiced
It's time misanthropigs
Respect all the earths kind
