

ClockClock, Someone Else

I know you're better with someone else
Someone else who can hold you, hold you
Loves you more than you love yourself
Someone's not gonna hurt you
We fell in love drunk as hell
From saying, "How have you been?" to getting stuck in your bed
Everything happened so fast
I wasn't ready for this, zero to hundred and crash
I never said I was the type to try to
'Cause I know that you've been lied to, lied to
Now I just lie to myself
One night and I'll be right back
One night in a kingsize bed
Take back all the words I said, I shouldn't be here
I know you're better with someone else
Someone else who can hold you, hold you
Loves you more than you love yourself
Someone's not gonna hurt you, hurt you
I know you're hopin' to find someone
Who can give you all the love that you need (mmm-hmm)
I know you're better with someone else
'Cause this someone isn't me, yea-yeah
It's hard to swallow the truth
I think I'm holdin' you back, I just can't do that to you
Feels like we ran out of gas
Oh, what a ride it has been, you can't keep lovin' for two
I know it's not too late to turn around, turn around
Let it go before the sun is down, sun is down
Tell me how do you feel
One night and I'll be right back (one night)
One night in a kingsize bed (one night)
Take back all the words I said, I shouldn't be here
I know you're better with someone else
Someone else who can hold you, hold you
Loves you more than you love yourself
Someone's not gonna hurt you, hurt you
I know you're hopin' to find someone
Who can give you all the love that you need (mmm-hmm)
I know you're better with someone else
'Cause this someone isn't me
I know you're better with someone else
Someone else who can hold you, hold you
Loves you more than you love yourself
Someone's not gonna hurt you, hurt you (yeah)
I know you're hopin' to find someone
Who can give you all the love that you need (mmm-hmm)
I know you're better with someone else (I know, I know, I know)
'Cause this someone isn't me
I know you're better with someone else
'Cause this someone isn't me
