

# Close 2 You, Friends

Sometimes it's so hard  
to be all on your own  
feeling helpless  
and far from home

I play my favorite song  
it keeps me hanging on  
Ease the loneliness  
when everyone is gone

When I'm feeling down and out  
memories I feel bad about  
I know a way to set my sorrow aside

My friends are always there for me  
to help me through the darkest night  
My friends will always stand by me  
To lend a hand and make it right  
My friends will find a way to hold on  
my friends I'll find a way to hold on

I drive away the night  
to an empty hotel room  
My heart is filled  
with feelings of gloom

Watch the world on CNN  
Read a letter of a far away fan  
Just a distant love  
Is all that I am

When I'm feeling down and out  
memories I feel bad about  
I know a way to set my sorrow aside

My friends are always there for me  
to help me through the darkest night  
My friends will always stand by me  
To lend a hand and make it right  
My friends will find a way to hold on  
my friends I'll find a way to hold on

We're for ever on our way  
no time somehow to stay  
and share some words, that seem so easy to say  
It's a cold world outside  
everybody needs a place to hide  
You gotta know, real friendship never dies

My friends are always there for me  
to help me through the darkest night  
My friends will always stand by me  
To lend a hand and make it right  
My friends will find a way to hold on  
my friends I'll find a way to hold o
