

# Close To Home, Pirates Belong At Sea

You wouldn't realize but its harder than you know,  
Living this life, always on the road,  
These nights are endless when you're never coming home,  
Your ignorance is your downfall

Your downfall

I've been finding this out the hard way,  
No one fucking cares what you've worked for, they'll take it anyway,  
Life makes us change though I feel just the same way  
They say I'll get better with time,  
So just follow, follow the leader  
You're just another face in the crowd.

You point the blame I take the fall,  
You play this game while I lose it all,  
And I don't care if it's right or wrong,  
Your selfishness has been hurting us all along.

It seems the truth is stranger that fiction,  
It's not always simple as black and white,  
We won't let this go,  
Take what you take like I'm deserving of failure  
When my life's on the line.

So just follow, follow the leader,  
You're just another face in the crowd.

You point the blame I take the fall,  
You play this game while I lose it all,  
And I don't care if it's right or wrong,  
Your selfishness has been hurting us all along.

I've put up with so much more than I should  
(I'm tired of catching your fall),  
I've put up with so much  
More than I should (I'm tired of being at fault)

You point the blame I take the fall,  
You play this game while I lose it all,  
And I don't care if it's right or wrong,  
Your selfishness has been hurting us all.

You point the blame I take the fall,  
You play this game while I lose it all,  
And I don't care if it's right or wrong,  
Your selfishness has been hurting us all along.

You wouldn't realize but it's harder than you know.  
Living this life, always on the road,  
These nights are endless when you're never coming home,  
Your ignorance is your downfall!
