

Closterkeller, Hassan I Sabbah

High in the mountains
Beyond the skies
There's a garden of delights
Angels all around
And wonders unseen
Lovely nymphets dance and sing

High in the mountains
Beyond the skies
There's a garden of delights
One sip of this potion
Impossible dreams
You'll become a hashishin

Hassan I Sabbah
Hassan I Sabbah
He said : "This is paradise
Everything is permitted in here
Nothing is true
Even when you die"

If Hassan I Sabbah orders you to kill
Take his magic potion
Give in to his will
Thou you read in the books
He's long since dead
Still you hear him whisper
Inside your head

Angels all around
Impossible dreams
Now you are a hashishin
High in the mountains
Beyond the skies
In your garden of delights
