

# Clouds, Anything

Gonna make you love me  
I'll do anything I have to do, I  
Paint my face a romantic color and howl at the moon  
And when you feel it  
I'll be waiting for you  
Waiting, waiting

For him to come

This isn't me  
I say to myself  
One night  
It's a promise  
I make to my reflection

I'm gonna make you love me  
I'll do anything  
Anything
