

Clouds, Hieronymous

I have seen
Eyes in the trees
I heard the devil howl
Got down on my knees.
And prayed
But I went back for more.

My appetite is whet
for sleep

I recall in my childhood
You aroused in me
Thoughts of no good

I used to melt
Into hell, liquefy.

My appetite is whet
for sleep

Hieronymous I'll walk with you,
When I'm sleeping
When I wake up in your world,
I'm not dreaming.

And when I melt,
I can go anywhere,
Slip under the door,
Unawares
I have a thousand eyes,
Hieronymous
