

Clouds, Maryanne

Maryanne is hanging round our house
And she's fun
She's coming to our parties
Seducing everyone

Went walking in the Garden of Eden
Tonight pulled her snake moves on me
She's got a new way
To look and really see
Touch me with your melting hand
And my skin runs like a river

Hey you could change the world
You change me

Maryanne, touch me with your prophet's hand
And I can see forever
Hey you could change the world
You change me
