

Clubraiders, Move your hands up

Move your hands up
Shake your body to the ride
I feel the rhythm
I feel the rhythm of the night
And move your hands up
And shake your body to the ride
I've got to borrow
And dance day and every night
Move your hands up
Shake your body to the ride
I feel the rhythm
I feel the rhythm of the night
And move your hands up
And shake your body to the ride
I've got to borrow
Til' dance day and every night
Move your hands, move your hands, move your hands, move your hands, move your hands, move
Breathe breathe breathe, please please please
Move your hands up
Shake your body to the ride
I feel the rhythm
I feel the rhythm of the night
And move your hands up
And shake your body to the ride
I've got to borrow
Til' dance day and every night
Move your hands up
Shake your body to the ride
I feel the rhythm
I feel the rhythm of the night
And move your hands up
And shake your body to the ride
I've got to borrow
Til' dance day and every night
Move your hands up!
