

Cobra Starship, The World Has Its Shine (But I W

I'm not one for love songs
the way I'm livin', makes you feel like giving up but you don't
and I want everything for you
the disappointed because you've been left behind and the word hasn't shine
I would drop it on a dime for you

hey, ho

And whatever it takes

hey, ho

I'm going to make my way home

hey, ho

We can turn our backs on the pasts and start over

(chorus)

And not long ago

I gave up hope, but you came along

You gave me something I could hold onto

oh, whoa

and I want you

oh, whoa

more than you can ever know

Before I met you I use to dream you up and make you up in my mind

oh, whoa

all I ever wanted was to be understood

you've been the only one who could

I could never turn my back on you

(chorus)

hey, ho

And whatever it takes

hey, ho

I'm going to make my way home

hey, ho

We can turn our backs on the pasts and start over

And not long ago

I gave up hope, but you came along and gave me something I could hold onto

oh, whoa

and I want you

oh, whoa

more than you can ever know (more than you could ever know)

More than you could ever know,

It's true.

(repeat x2)

And not long ago

I gave up hope, but you came along and gave me something I could hold onto

oh, whoa

And want you

oh, whoa

more than you can ever know
