

Cochise, Black Summer

Waiting for your love in black summer
Hiding in the sand like a spy
What you gonna do when I found you?
Little fire girl from the sky

Singing lullaby for my lover
... to the wild with her eyes
What you gonna do with your diamonds?
Frozen summer tears of your God?

I'm gonna wait for you my Freedom
I'm gonna wait for you my love
I'm going down with you black summer
Please don't hold my heart and ...
Black Summer

Black sweet ocean
Black sweet rain
Black Black Summer

...
Recollection black old days
Resurrection black old brain

Black Summer

I'm gonna wait for you my Freedom
I'm gonna wait for you my love
I'm going down with you black summer
Please don't hold my heart and ...
Black Summer
